

This architectural cross-section illustrates a two-story house with a gabled roof. The drawing includes various dimensions and interior features:

- Roof and Elevation:** The roof is gabled. On the left, a horizontal line indicates a height of $h=2000$ and a width of 592 . Below this, a red dashed line marks $h=1800$. The right side of the house shows a vertical height of 4500 from the ground to the eaves.
- First Floor:**
 - On the left, there is a dining area with a table and chairs, with a height dimension of 2800 .
 - In the center, a doorway leads to another room, with a height dimension of 2180 from the ground to the top of the door frame.
 - On the right, there is a doorway with a height dimension of 2800 .
 - The overall height of the first floor is indicated as 300 from the ground to the ceiling line.
- Second Floor:**
 - The height from the first floor ceiling to the top of the second floor is 1400 .
 - A staircase is shown in the center, with a height dimension of 2371 from the ground to the top of the stairs.
 - On the right, a figure of a person is shown standing, with a height dimension of 1932 from the ground to the top of their head.
 - The height from the first floor ceiling to the top of the second floor is also indicated as 2700 .
- Other Details:**
 - A small window is shown on the left wall of the second floor, with a height dimension of 85 .
 - A red dashed line is drawn across the second floor, likely indicating a level or boundary.
 - The roof slope is indicated by a dashed line on the right side.
